

WILLARD MARINE

SEA FORCE® Series

Military-Grade Rigid Hull Inflatable Boats

SEA FORCE® 1100

SEA FORCE® 900

SEA FORCE® 777

SEA FORCE® 730

SEA FORCE® 700

SEA FORCE® 670

SEA FORCE® 540

SEA FORCE® 490

Features

- Military-grade fiberglass or aluminum hull and deck construction
- Hydraulic steering
- High-capacity deck drains
- Grey gel coat finish on all molded surfaces
- Molded non-skid deck
- High-density foam inserts for rigidity in high impact areas
- UV-coated, multi-chamber, polyurethane collar mechanically fastened to the hull
- Military-grade inboard lifelines and rub strake
- Fixed windscreen
- Fire retardant vinylester resin throughout

SEA FORCE® 1100

Willard Marine's SEA FORCE®1100 is designed and built for the most discerning mariners in the world: the United States Navy. For 15 years, we have collaborated with the Navy for today's most rugged and reliable 11-meter rigid hull inflatable boat (RIB) that can accommodate up to 26 crew members. The U.S. Navy and many allied foreign military agencies rely upon these durable RIBs for patrol, rescue, and Visit, Board, Search and Seizure (VBSS) operations performed around the world. It is built with Cummins QSB 6.7-liter 380-hp twin inboard engines paired with Hamilton Jet HJ292 water jets, but similar version is available with twin Cummins QSB6.7 480-hp engines and Hamilton Jet HJ292 water jets.

SPECIFICATIONS

LENGTH OVERALL	BEAM WIDTH	PERSON CAPACITY	MAX SPEED
11.07 m / 36' 4"	3.60 m / 11' 9"	26	44 knots
MAX HORSEPOWER	BOAT WEIGHT	FULL LOAD WEIGHT	FUEL CAPACITY
1200	5765 kg / 12710 lbs	7157 kg / 15778 lbs	280 gal

SEA FORCE® 900

Willard Marine's SEA FORCE® 900 offers a forward open deck that provides an unobstructed work area with an 18-person capacity, and serves well as a patrol, tug, tow, or work boat. Driven by either outboard engines or an inboard diesel engine outfitted with a waterjet, the 900 has the power and size to handle the toughest missions at sea.

SPECIFICATIONS

LENGTH OVERALL	BEAM WIDTH	PERSON CAPACITY	MAX SPEED
9.75 m / 32' 0"	3.20 m / 10' 6"	18	41 knots
MAX HORSEPOWER	BOAT WEIGHT	FULL LOAD WEIGHT	FUEL CAPACITY
500	3048 kg / 6720 lbs	4820 kg / 10626 lbs	250 gal

SEA FORCE® 777

The SEA FORCE® 777 is modeled after the standard ship-board vessel we have built for the U.S. Navy for 25 years. Designed with a longer deep-V hull for maximum stability while accommodating greater loads in the roughest sea conditions, it achieves 300 hp with an SE306J38 inboard diesel engine with ZF-63 marine gear powering a Hamilton Jet drive HJ-274. Ullman Dynamics shock-mitigating seats have been installed for crew comfort and safety. Shown above with optional self-righting and lifting frames.

SPECIFICATIONS

LENGTH OVERALL	BEAM WIDTH	PERSON CAPACITY	MAX SPEED
7.77 m / 25' 6"	2.74 m / 9' 0"	9	32 knots
MAX HORSEPOWER	BOAT WEIGHT	FULL LOAD WEIGHT	FUEL CAPACITY
300	2724 kg / 6005 lbs	3750 kg / 8267 lbs	75 gal

SEA FORCE® 730

Known for its exceptional durability, the SEA FORCE® 730 is also fast and responsive, which is ideal for patrol, rescue, and commercial applications. With an availability for outboard or inboard engines along with a wide range of customizable options, the 730 can be custom fit to handle the toughest missions for any application at sea.

SPECIFICATIONS

LENGTH OVERALL	BEAM WIDTH	PERSON CAPACITY	MAX SPEED
7.24 m / 23' 9"	2.74 m / 9' 0"	10	36 knots
MAX HORSEPOWER	BOAT WEIGHT	FULL LOAD WEIGHT	FUEL CAPACITY
300	2413 kg / 5320 lbs	3175 kg / 7000 lbs	40 gal

SEA FORCE® 700

Willard Marine's SEA FORCE® 700 is designed and built for the most discerning mariners in the world: the United States Navy. For 25 years, we have collaborated with the Navy for today's most rugged and reliable 7-meter rigid hull inflatable boat (RIB) that can accommodate up to 18 crew members. It is compatible with a variety of existing shipboard handling and stowage systems, including traditional davits and stowage chocks and other class-specific launch, recovery, and handling systems. It is currently powered by a 258-hp inboard Steyr diesel engine with a Bravo Two X MerCruiser sterndrive and includes a Briartek man overboard indicator system display and antenna.

SPECIFICATIONS

LENGTH OVERALL	BEAM WIDTH	PERSON CAPACITY	MAX SPEED
7.24 m / 23' 9"	2.74 m / 9' 0"	18	31 knots
MAX HORSEPOWER	BOAT WEIGHT	FULL LOAD WEIGHT	FUEL CAPACITY
258	1909 kg / 4209 lbs	3372 kg / 7434 lbs	35 gal

SEA FORCE® 670

Willard Marine's SEA FORCE® 670 is a proven, military-grade rigid inflatable boat (RIB) designed with a deep-v hull for maximum stability and non-skid deck for a 9-person crew. Outfitted with either inboard or outboard engines, the 670 makes an agile and extremely rugged patrol boat, work boat or tender. Its multi-chamber, 40-ounce polyurethane tube is exceptionally strong, puncture resistant, UV-coated and provides buoyancy and reduced vessel weight for maximum performance, fuel economy and safety at sea.

SPECIFICATIONS

LENGTH OVERALL	BEAM WIDTH	PERSON CAPACITY	MAX SPEED
6.83 m / 22' 5"	2.74 m / 9' 0"	9	32 knots
MAX HORSEPOWER	BOAT WEIGHT	FULL LOAD WEIGHT	FUEL CAPACITY
230	1957 kg / 4314 lbs	2812 kg / 6199 lbs	40 gal

SEA FORCE® 540

The SEA FORCE® 540 combines the durability of a workboat with the agility of a patrol boat. Designed with maximum inboard deck space, the 540 provides comfort and safety for a crew of up to 10 persons and the option of inboard or outboard engines allow for maximum performance to handle the toughest missions at sea.

SPECIFICATIONS

LENGTH OVERALL	BEAM WIDTH	PERSON CAPACITY	MAX SPEED
5.40 m / 17' 9"	2.50 m / 8' 0"	6	39 knots
MAX HORSEPOWER	BOAT WEIGHT	FULL LOAD WEIGHT	FUEL CAPACITY
140	712 kg / 1570 lbs	1315 kg / 2899 lbs	30 gal

SEA FORCE® 490

Willard Marine's SEA FORCE® 490 is a proven, military-grade rigid inflatable boat (RIB) designed with a deep-v hull for maximum stability and non-skid deck for a 6-person crew. Outfitted with an outboard engine, the 490 makes an agile patrol boat, work boat or tender.

SPECIFICATIONS

LENGTH OVERALL	BEAM WIDTH	PERSON CAPACITY	MAX SPEED
4.90 m / 16' 1"	2.06 m / 6' 9"	6	28 knots
MAX HORSEPOWER	BOAT WEIGHT	FULL LOAD WEIGHT	FUEL CAPACITY
70	503 kg / 1109 lbs	1055 kg / 2326 lbs	40 gal

WILLARD MARINE™

Willard Marine builds mission-proven boats as tough and worthy as those who depend on them.

Law enforcement, military and commercial mariners around the world place unwavering confidence in both their Willard Marine boats and the talented men and women who design, build and service them.

Here, it is always our mission to help mariners complete theirs.

Service & Repair

Willard Marine's trained Service, Repair and Refurbishment experts travel worldwide to support our clients in the field and provide the industry's best customer service. They conduct comprehensive vessel surveys and provide solutions aligned with maritime regulatory bodies, standards and laws. From glass work to complete refurbishment of hull, deck, engine, and electrical systems, Willard Marine guarantees prompt and professional service to get you back on the water quickly and safely.

Willard Marine's fully-staffed spares department ships parts throughout the world on a daily basis. Customers can order from an extensive product line, including Commercial Off the Shelf (COTS) items or specialty manufactured items made specifically for Willard Marine boats. With the aid of our staff trained in logistical support, customers can access a comprehensive library of technical drawings and data to research and request needed parts.
